

STOP LIVE TRANSPORT

INTERNATIONAL AWARENESS DAY

**Millions of animals are
transported every year.**

The ugly truth about the live transportation of animals:

- Excessively long journeys without sufficient food, water or rest.
- Sick, injured, very young and heavily pregnant animals.
- Ill-equipped and overcrowded vehicles.
- Some are exported from countries with animal protection laws to those that have none, facing terrible abuse both during transport and at the time of slaughter.

TAKE ACTION TO HELP END THIS CRUEL TRADE

**14th June 2018 is STOP LIVE TRANSPORT
INTERNATIONAL AWARENESS DAY**
